Revision: 01/20/2017 Supersedes Revision: 10/19/2015

	1. Product and Company Ide	entification
Product Code:	112R012017	
Product Name:	Twin-Chem AGR	
Company Name:	TWIN-CHEMICALS, INC 6175 Hickory Flat Highway Suite 110-344 Canton, GA 30115	Phone Number: (800)442-4958
Web site address:	www.twinchemicals.com	
Email address:	sales@twinchemicals.com	
Emergency Contact: Information:	CERTS (Health & Environment Only) Sales & Information	(800)552-3787 (800)442-4958

2. Hazards Identification

Aquatic Toxicity (Acute), Category 2 Aquatic Toxicity (Chronic), Category 2 Acute Toxicity: Oral, Category 4 Acute Toxicity: Skin, Category 4 Skin Corrosion/Irritation, Category 2 Serious Eye Damage/Eye Irritation, Category 2A Acute Toxicity: Inhalation, Category 4 Flammable Liquids, Category 4

GHS Signal Word: GHS Hazard Phrases:	Warning H227 - Combustible liquid. H302+312+332 - Harmfull if swallowed, in contact with skin or if inhaled. H315 - Causes skin irritation. H319 - Causes serious eye irritation. H411 - Toxic to aquatic life with long lasting effects.
GHS Precaution Phrases:	 P210 - Keep away from heat/sparks/open flames/hot surfaces No smoking. P261 - Avoid breathing dust/fume/gas/mist/vapors/spray. P264 - Wash hands thoroughly after handling. P270 - Do not eat, drink or smoke when using this product. P271 - Use only outdoors or in a well-ventilated area. P273 - Avoid release to the environment. P280 - Wear protective gloves & eye protection.
GHS Response Phrases:	 P301+312 - IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. P302+352 - IF ON SKIN: Wash with plenty of soap and water. P304+340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P305+351+338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison control center or physician for treatment advice. Have product container or label with you when calling poison control center or physician. P312 - Call a POISON CENTER or doctor/physician if you feel unwell. P330 - Rinse mouth. P332+313 - If skin irritation occurs, get medical advice/attention.

Revision: 01/20/2017 Supersedes Revision: 10/19/2015

GHS Storage and Disposal Phrases:	 P337+313 - If eye irritation persists, get medical advice/attention. P362 - Take off contaminated clothing and wash before re-use. P363 - Wash contaminated clothing before reuse. P391 - Collect spillage. P370+378 - In case of fire, use water fog, dry chemical, foam or carbondioxide (CO2) to extinguish. P403+235 - Store in cool/well-ventilated place. P501 - Dispose of contents/container to waste facility according to Federal and local regulations.
Potential Health Effects (Acute and Chronic):	Chronic: May cause liver and kidney damage. Sophisticated modeling has clearly proven that 2-butoxyethanol does not build up in the body under any kinds of normal use.
Inhalation:	Material is irritating to mucous membranes and upper respiratory tract. Harmful if inhaled. May cause respiratory tract irritation. May cause narcotic effects in high concentration. May cause lung damage.
Skin Contact:	Causes skin irritation. Substance is rapidly absorbed through the skin. Causes symptoms similar to those of inhalation. Skin sensitization testing with human volunteers produced negative results. A skin notation is not recommended by ACGIH, based on estimates from physiologically based pharmacokinetic models which indicate that, even in worst-case dermal-exposure scenarios, 2-butoxyethanol is not absorbed in amounts sufficient to cause red blood cell hemolysis in humans.
Eye Contact:	Causes severe eye irritation. Causes redness and pain.
Ingestion:	Prolonged or repeated exposure may cause allergic reactions in certain sensitive individuals. Harmful if swallowed. May cause irritation of the digestive tract. May cause gastrointestinal irritation with nausea, vomiting and diarrhea.

3. Composition/Information on Ingredients

CAS #	Hazardous Components (Chemical Name)	Concentration
67784-80-9	Soybean oil, Me ester	80.0 -90.0 %
9016-45-9	Poly(oxy-1,2-ethanediyl), .alpha(nonylphenyl)omegahydr {Nonylphenol Ethoxylate}	5.0 -15.0 %
111-76-2	Ethanol, 2-Butoxy- {Ethylene glycol n-butyl ether, Glycol Ether EB}	5.0 -10.0 %

4. First Aid Measures

	4. First Aid Measures			
Emergency and First Aid Procedures:				
In Case of Inhalation:	If inhaled, remove to fresh air. If breathing is difficult, give oxygen. Get medical aid immediately. Remove from exposure and move to fresh air immediately.			
In Case of Skin Contact:	In case of contact, immediately wash skin with soap and copious amounts of water. Get medical aid immediately. Flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes.			
In Case of Eye Contact:	In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes. Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical aid immediately.			
In Case of Ingestion:	If swallowed, wash out mouth with water provided person is conscious. Call a physician. Get medical aid immediately. Call a poison control center.			
Signs and Symptoms Of Exposure:	Exposure can cause: Nausea, headache, and vomiting. To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.			
Note to Physician:	None known.			
	5. Fire Fighting Measures			
Flash Pt:	> 95.00 C Method Used: Estimate			
Explosive Limits:	LEL: N.E. UEL: N.E.			
Autoignition Pt:	NA			
Suitable Extinguishing Media	a:Suitable: Use water spray, dry chemical, carbon dioxide, or chemical foam.			
Fire Fighting Instructions:	Specific Hazard(s): As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. Will burn if involved in a fire. Combustible liquid and vapor.			
Flammable Properties and Hazards:	No data available.			
Hazardous Combustion Products:	No data available.			
	6. Accidental Release Measures			
Steps To Be Taken In Case Material Is Released Or Spilled:	 PROCEDURE(S) OF PERSONAL PRECAUTION(S) Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves. Methods for cleaning up. Absorb on sand or vermiculite and place in closed containers for disposal. Ventilate area and wash spill site after material pickup is complete. Use proper personal protective equipment as indicated in Section 8. Spills/Leaks: Wear a self contained breathing apparatus and appropriate personal protection. (See Exposure Controls, Personal Protection section). Remove all sources of ignition. Use a spark-proof tool. Do not let this chemical enter the environment. 			
	7. Handling and Storage			
Precautions To Be Taken in Handling:	User Exposure: Do not breathe vapor. Avoid contact with eyes, skin, and clothing. Use spark-proof tools and explosion proof equipment. Keep away from heat, sparks and flame. Do not ingest or inhale. Use only in a chemical fume hood.			
Precautions To Be Taken in Storing:	Suitable: Keep away from sources of ignition. Store in a cool, dry place.			

Revision: 01/20/2017 Supersedes Revision: 10/19/2015

8. Exposure Controls/Personal Protection					
CAS #	Partial Chemical	Name	OSHA TWA	ACGIH TWA	Other Limits
67784-80-9	Soybean oil, Me ester		No data.	No data.	No data.
9016-45-9	Poly(oxy-1,2-ethanediyl), .alpha(nonylphenyl)omegahydr {Nonylphenol Ethoxylate}		No data.	No data.	No data.
111-76-2	Ethanol, 2-Butoxy- {Ethylene glycol n-butyl ether, Glycol Ether EB}		PEL: 50 ppm	TLV: 20 ppm	No data.
Personal Protective					
Respiratory Equipment (Specify Type):Use respirators and components tested and approved under appropriate governm standards such as NIOSH (US) or CEN (EU). Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi- purpo combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. Hand: Compatible chemical-resistant gloves. Follow the OS respirator regulations found in 29 CFR 1910.134 or European Standard EN 149.Eye Protection:Chemical safety goggles. Wear appropriate protective eyeglasses or chemical safety			ith multi- purpose as a backup to . Follow the OSHA ndard EN 149. or chemical safety		
goggles as described by OSHA's eye and face protection regulations in 29 1910.133 or European Standard EN166.			ons in 29 CFR		
Protective G	loves:	Wear appropriate protective gloves to prevent skin exposure.			
Other Protec	tive Clothing:	ing: Wear appropriate protective clothing to prevent skin exposure.			
Engineering (Ventilation e		Mechanical exhaust required. Safety shower and eye bath. Use explosion-proof ventilation equipment. Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower. Use only under a chemical fume hood.
