## 3 STAGE DISPOSABLE SHOWER

Twin-Chemical's low cost, lightweight disposable showers are remarkably strong and sturdy. Each wall is solid double-wrapped by 6-mil fire retardant poly. Individual rooms can be used as airlock chambers for your permanent showers. Our showers provide the perfect solution for surprise jobs, small to medium jobs, or larger jobs with limited space or the need for versatile quick set-up. Each component measures 36"x 36" x 77" when opened up and standing. Each box weighs 45 lbs. 8 showers per pallet. Pallet dimensions are: 55"x45"x80".

Used with 12 piece PVC Pole Set. Each pole measures 1" x 77". Pole sets are sold separately.
